

Switch TAHOE RENO

The Citadel Campus

The Citadel Campus is Switch's response to the growing demand for Internet-connected people, devices and services. It is designed to be the world's largest data center campus built on the industry-leading Core Campus in Las Vegas, Nevada. Connected by a dedicated 7ms fiber network, The Citadel Campus and The Core Campus form the world's largest active-active data center ecosystem on the planet. Many Switch clients also benefit from leaving California's high tax environment and high-risk disaster areas.
